A Mystery.

How the human system ever recovers from the bad effects of the nauseous medicines often literally poured into it for the suppositive relief of dyspepsia, liver complaint, constipation, rheumatism and other aliments is a mystery. The mischief done by had medicines is scarcely less than that caused by disease. If they who are weak, bilious, dyspeptic, constipated or rheumatic, would oftener be guided by the experience of Invalids who have thoroughly tested Hostetter's Stomach Bitters, they would in every instance obtain the speediest aid derivable from rational medication. This medicine is a searching and at the same time a thoroughly safe remedy, derived from vegetable sources, and possessing, in consequence of its basis of pure spirits, properties as a medicinal diture of the resource of the final and to to be found in the fiery local ditters often resorred to by the debilitated, dyspeptic and languid. A Mystery. dyspeptic and languid.

EXECUTIVE MANSION, I Washington, D. C., Oct. 20th.

"It is with great pleasure that I ake up my pen to send you words of greeting and encouragement. Your regent, Mr. Osborne, has kindly placed a my hands one of your programmes containing the outline of study for the coming year. I am deligated that your enapter has shown so much wisdom in preparing the work for your members, and I feel assured that the women who are so educating them-selves with the history of their own With More New Novelties, Fresh Styles, Unique Attractions and Beautiful Goods than ever. country, familiarizing themselves with its establishment, struggles and successes are best fitted to rock the cradies" of the future rulers." Very Truly, CAROLINE SCOTT HARRISON.

A New Yorker who was coming up he country the other day found himwas broached. Have you noticed?"

New Yorker, "that every weather prophet in the country is predicting a ard winter?" "I-I expect I have," answered the armer as he looked back over his

shoulder at a woman three seats back, who was industriously engaged kniting a woolen sock. "Have you noticed that the corn

rusks are thicker than usual?" "They may be," replied the farmer

with another backward glance. "I have been told that squirrels are aying in an unusually large supply of

ood, and that the robins have arready

one south. "Yes, I suppose so." "You are a farmer aren't you?"

"There are certain signs to tell the armer what the winter is going to be, aren't they?" The man looked back in a nervous

and uneasy way and did not reply. the New Yorker saw that the woman was sitting bolt upright and watching aim closely, but he said:

"Down in Kentucky they go a great deal by the goose bone. Do you re gard it as an indicator?"

The farmer made a mysterous sign and jerked his head towards the little
